

# TUTORIAL PARA CRIAR REGISTRO DE ORCID

<https://orcid.org>

## Distinguish yourself in three easy steps

ORCID provides a persistent digital identifier (an ORCID iD) that you own and control, and that distinguishes you from every other researcher. You can connect your iD with your professional information — affiliations, grants, publications, peer review, and more. You can use your iD to share your information with other systems, ensuring you get recognition for all your contributions, saving you time and hassle, and reducing the risk of errors.

### REGISTER

Get your unique ORCID identifier. It's free and only takes a minute, so register now.

### USE YOUR ORCID ID

Use your iD, when prompted, in systems and platforms from grant application to manuscript submission and beyond, to ensure you get credit for your contributions.

### SHARE YOUR ORCID iD

The more information connected to your ORCID record, the more you'll benefit from sharing your iD - so give the organizations you trust permission to update your record as well as adding your affiliations, emails, other names you're known by, and more.

### Create your ORCID iD

This is step 1 of 3

Per ORCID's [terms of use](#), you may only register for an ORCID iD for yourself. Already have an ORCID iD? [Sign In](#)

### Notification settings

ORCID sends email notifications about items related to your account, security, and privacy, including requests from ORCID member organizations for permission to update your record, and changes made to your record by those organizations.

You can also choose to receive emails from us about new features and tips for making the most of your ORCID record.

Please send me quarterly emails about new ORCID features and tips. *To receive these emails, you will also need to verify your primary email address.*

After you've registered, you can change your notification settings at any time in the account settings section of your ORCID record.

### Create your ORCID iD

This is step 3 of 3

#### Visibility settings

Your ORCID iD connects with your ORCID record that can contain links to your research activities, affiliations, awards, other versions of your name, and more. You control this content and who can see it.

By default, what visibility should be given to new items added to your ORCID Record?

- Everyone** (87% of users choose this)
- Trusted Organizations** (5% of users choose this)
- Only me** (8% of users choose this)

#### Terms of Use

- I consent to the [privacy policy](#) and [terms of use](#) and agree to my data being publicly accessible where marked as "Visible to Everyone".
- I consent to my data being processed in the United States. [More information on how ORCID process your data.](#)
